CITYWAY IMPROVEMENTS PROJECT

RebuildIndy is Mayor Greg Ballard's initiative to transform the city through investment in infrastructure improvements to restore deteriorating thoroughfares, residential streets, sidewalks and bridges, as well as address neighborhood drainage and flooding issues and demolish unsalvageable abandoned homes that pose a public safety threat to neighborhoods.

These construction projects will create local jobs and ultimately increase public safety for neighborhoods and residents, which supports Mayor Ballard's commitment to make Indianapolis a more livable city.

ABOUT CITYWAY

CityWay connects the very best of Indianapolis with the rest of Indianapolis. Located at the doorstep of the city's professional sports venues and top entertainment sites, CityWay inspires a new kind of city lifestyle, with gardens and trees, and with places to work, to play and to stay.

CityWay will include The Alexander — a world-class Dolce hotel — luxury residences at The Residences at CityWay, restaurants, retail shops and a state-of-the-art YMCA. CityWay will also include ample parking, road improvements, new urban green areas and a public art component. It will serve as a much needed link between neighborhoods and businesses on the city's near-south side and the core of downtown.

CityWay will transform this area of downtown, providing a host of benefits for both the public and private sectors. Its innovative urban design represents the best in mixed-use, livable communities.

PROJECT DETAILS

PROJECT STATUS: In Construction

BID DATE: April 2012

ANTICIPATED CONSTRUCTION PERIOD: June to November 2012

ESTIMATED PROJECT COST: \$2.1 million

DESIGN ENGINEER: A&F Engineering

PROJECT BENEFITS:

- Increased commuter and pedestrian safety
- Improved connectivity
- Enhanced economic development

Project schedules and costs are subject to change.

PROJECT SCOPE

The Indianapolis Department of Public Works is planning a streetscape project along Delaware and South streets as a part of the CityWay improvements. The project includes street improvements and aesthetic upgrades along Delaware Street from South Street to Maryland Street and along South Street from Pennsylvania Street to East Street. The plans include the conversion of Delaware Street to a two-way street. Other improvements include new traffic signals, Americans with Disability Act-compliant access ramps, curbs and sidewalks, street resurfacing, as well as new trees and landscaping throughout the corridor.

Construction is expected to start June 2012, with South Street scheduled to be closed from July 9 to September 1, 2012.
